

U.S. Serial No. 09/960,297 -- 3

REMARKS

An additional claim 9 is added.

Drawing FIG. 7 is amended for consistency with references to the figure on pages 3 and 5 of the specification which describe a five phase winding without reference to A and B parts. The drawing is amended to delete references to a second set of winding parts. FIG. 11 and the accompanying description on page 6 of the specification describe the alternative of a winding having A and B parts.

Respectfully submitted,

By
